

1999 KENTUCKY ANNUAL HOSPICE SERVICES REPORT

INTRODUCTION

The Kentucky Department for Public Health is proud to provide an online version of the 1999 Kentucky Annual Hospice Report. We hope you will find the information contained in our reports to be informative and easy to navigate. The Health Policy Development Branch, Division of Epidemiology and Health Planning, is responsible for the hospice utilization data collection and reporting set forth in 902 KAR 20:008, revised February 10, 1987.

The report covers the period from January 1, 1999 to December 31, 1999 for all hospice programs in the state. The report contains three sections:

- **Section I** - Contains census data by Area Development District (ADD), county and service type.
- **Section II** - Contains utilization of staff data by Area Development District (ADD), and by county.
- **Section III** - Primary Diagnoses of Hospice Patients and provides a state summary of diagnoses data
- **Section IV** - Primary Diagnosis of Hospice Patients listed by program name, counties served and age cohorts. Counties served by the program are also listed.

Thank you for visiting, and please feel free to contact our office with your questions, concerns, or for further information.
